

Brutumus

Cats need new home immediately!

Papyrus and Brutumus Brothers

Papyrus

Please consider adopting one or two of these beautiful cats. They need a new home immediately due to owner health issues. He has recently had brain surgery. Papyrus and Brutumus are brothers and should be adopted together. They are best mates and both very loving. Teeny is a spirited little personality. He is a lover and a fighter. Very cuddly and a lot of fun. Gateeny loves other cats, as well. However, Teeny is also fine as a solo cat. All of these cats have spent their lives in the country woods climbing trees and chasing things. They need the outside world and need to have trees to climb. They have also had a loving home to sleep in and hang out in with humans to give them affection. All three are boys and have been neutered. They need love, care, & scratches, food, and love. And love.
